

**COMPUTER
RESOLVE**

Star Client Discount Program

In an effort to encourage safe computing, Computer Resolve is implementing this discount program. We are offering "Star Clients" a flat 10% discount on all service charges.

To be a Star Client and qualify for the discount program, one must:

- ★ Agree to receive digital instead of paper notifications.

By agreeing to digital notifications, you will no longer receive correspondence from Computer Resolve via the postal service. All messages that would have otherwise been directed to your mailbox, will go to your email Inbox instead. By supplying us with your email address, you will meet this requirement.

- ★ Next appointment is within 1 year of last appointment.

Just like your car needing maintenance, so too does your computer. Regular checks can improve overall performance and speed, as well improved protection against security threats and major losses from viruses. We will contact you when a year approaches and can move forward with scheduling at that point.

How we **WILL** use your email address

Official Computer Resolve messages
IMPORTANT NEWS
Example: End date for Windows XP
Support: April 8, 2014

How we **WILL NOT** use your email address

Sell or lend it to other 3rd party companies
Send you emails often

This discount will not apply to parts or the tax thereon.
